DIPLOMA PROGRAM

The Diploma is a **great alternative** to the Study Abroad program as you can complete an Australian qualification. The courses you can study are similar to Study Abroad courses, are on the Bachelor level and in different disciplines. There are no additional assessments required to complete a Diploma. The courses have the same assessment requirements as if you study the courses via the Study Abroad program.

- You can complete a Diploma in only **one semester** (4 courses) if you have completed at least one semester of your home degree. USC credits 30 ECTS of your completed modules towards the Diploma.

USC offers the following Diploma Programs:

- [Diploma in Business](#)
- [Diploma in Communication](#)
- [Diploma in General Studies](#)
- [Diploma in Social Science](#)
- [Diploma in Sport and Fitness](#)

BENEFITS OF COMPLETING A DIPLOMA OR DEGREE INSTEAD OF STUDY ABROAD

- You will receive an Australian university qualification certificate additionally to the academic transcript
- You can participate in a completion ceremony at the end of the program and wear the graduation robe
- You will receive discounts on public transport

All the above benefits are currently **not** available to Study Abroad enrolled students as Study Abroad is a non-award program.

USC BACHELOR OR MASTER DEGREE

You can also consider completing a Bachelor or Master degree in a short period of time. With full credit transfer you could complete a Bachelor in two semesters or a Master degree in only one semester. For more information and details on how to apply please contact [USC International](#).

Marvin Staudt
HS München
Master of Management

I am studying business informatics at the University of Applied Sciences Munich and I decided to apply for a double degree program for my master's degree at USC. Thankfully I got accepted and I started to plan my trip immediately. I live right next to the USC Campus at one of the student accommodations, called Varsity. From there, it is about a 5 minutes' walk to reach the campus. The University offers a lot of additional activities, like social sport (volleyball, soccer, netball, gym...). Different beaches can be reached easily with public transportation or car. Moreover, there are plenty of mountains around in this area for hiking to the top and enjoying the sunset. The study program in Australia is different to the one I was used to in Germany. I attend 4 courses during this semester, and I will just have 1 final exam. However, I have to finish many reports, essays, presentations and case studies during the whole semester. Therefore, the stressful learning period at the end of the semester, that I was used to in Germany, does not take place. Nevertheless, there is plenty of time to explore and travel around Australia during the semester anyway.

I am very thankful that I had this great opportunity to study at the Sunshine Coast in Australia and I want to thank everyone who made this time legendary to me!
