Continue without login

STEP 2:

Continue by clicking on "Courses".

STEP 3:

Proceed by selecting your semester.

Term 2024 W	Curriculum All	Organisation University of Bayreuth
-----------------------	--------------------------	---

Filter by course number, course title or person

Filter **Title (ascending)**

24175 Elektrochemische Energiesysteme und -materialien (C103) L 2 SWS	No registration for this course	>
Lecturer: Margraf, Johannes Marschall, Roland Papastavrou, Georg		

STEP 4:

You have different possibilities for your search:

- To search by study programme, you can use the "Curriculum" section. The advantage of this section is that the study level (Bachelor/Master) is indicated which is very useful in finding suitable courses.
- You can find language courses by selecting "Language Centre" in the section "Organisation".
- To view all courses offered at a faculty, you can select the faculty in the section "Organisation".
- In order to search more specifically, you can use the keyword search function. Keep in mind that the keyword search only shows results that have your keyword in their course title.
- To find courses offered in English**, you can use the filter. It opens in an extra window. After setting the filter, please click "Apply" on the bottom of this window to apply the filter.

GOOD TO KNOW:

FACULTIES	The University of Bayreuth has seven faculties: Faculty I: Faculty of Mathematics, Physics & Computer Science Faculty II: Faculty of Biology, Chemistry & Earth Sciences Faculty III: Faculty of Law, Business & Economics Faculty IV: Faculty of Languages & Literatures Faculty V: Faculty of Humanities & Social Sciences Faculty VI: Faculty of Engineering Science Faculty VII: Faculty of Life Sciences: Food, Nutrition & Health 
LANGUAGE OF INSTRUCTION	German is the main language of instruction at the University of Bayreuth. Some programmes and courses are also taught in English. The availability of English-taught courses may vary between study programmes.
ADMISSION	Please note that the admission to the University of Bayreuth must be in coherence with the study programme at your home institution. Having enrolled, exchange students at UBT are relatively free to choose from all available courses. When in doubt, please contact your departmental coordinator for further consultation.
DEPARTMENTAL COORDINATORS	While the International Office supports you with general and administrative questions on your exchange semester, every study area has also its own departmental coordinator who advises students on academic matters (e.g. courses, credits, etc.). Within the Erasmus programme, this is also the responsible person to sign your Erasmus Learning Agreement. You can find the contact details of your departmental coordinator on our website. 

COURSE TYPES	There are different course types at the University of Bayreuth: • Course / Lehrveranstaltung: term to describe different kinds of courses. The most common ones are lectures, exercise courses, tutorials and seminars. • Lecture / Vorlesung: Usually held by a professor. It often serves as basis of a course. The theoretical foundations of the course are conveyed here. • Tutorial / Tutorium: Type of course where lecture topics are repeated and sometimes applied practically. • Seminar: Type of lecture where a smaller group of students works on a certain topic under the guidance of a professor or lecturer. At the end of a seminar, a seminar paper is often required as proof of performance. • Excercise / Übung: Similar to the tutorial. Contents from the lectures is repeated and applied. • Practical / Praktikum: Not to be confused with the internship, this is a course in which theoretical knowledge can be applied in practice.
CREDITS	If you complete a course or exam successfully, you will receive Credit Points (CP) / Leistungspunkte (LP). The University of Bayreuth uses the ECTS framework (European Credit Transfer and Accumulation System) that makes academic performance comparable, transferable and valid internationally. 1 CP therefore translates to 1 ECTS. Not to be confused with the abbreviation SWS (Semesterwochenstunden): These indicate the number of teaching hours (45 minutes each) the course takes place per week throughout the semester.
GERMAN LANGUAGE COURSES	Students will have the opportunity to attend free German courses at our Sprachenzentrum (Language Center) during the semester once they enroll at the University of Bayreuth. Additionally, intensive German language courses (fee-based) will be held by the IIK Bayreuth (Institute for International Communication and Foreign Cultural Exchange), an institute linked to the university. Please visit the IIK website for more detailed information.
COURSE REGISTRATION	As the University of Bayreuth always tries to provide up-to-date learning experiences with new and interesting topics, the final course catalogue for each semester is only available shortly before the beginning of the semester: • winter semester courses - from end of August/beginning of September • summer semester courses - from end of January/beginning of February). Previous semesters can be used as a reference for Learning Agreements or study plans (if your home university requires such documentation). Course registration takes place within the first couple of weeks of the semester. You need to be enrolled officially at the University of Bayreuth in order to be able to register for courses. Further information on the course registrations process will be provided during Orientation Week (attendance mandatory for exchange students).
